

Sabbaticalize

LEARN, REFLECT, *and* TRANSFORM

Summer Pledge

This summer, we're inviting education leaders to stop normalizing burnout. Read the Sabbaticalize Summer Pledge below. Sign and date the pledge as a commitment to yourself.

I pledge to pause long enough to notice what leadership has cost me.

I pledge to reconnect with myself beyond productivity and performance.

I pledge to protect my well-being with the same commitment I give to others.

And when the next school year begins...

I pledge to return differently.
